

ISUZU
MU-X

GO YOUR OWN WAY

FRESH & BOLD

4x4 LS-T in Mercury Silver metallic

Adventure begins here.

From its legendary 3-litre turbo-diesel engine to unprecedented safety, comfort and off-road ability, the 7-seat Isuzu MU-X delivers like never before.

With seven seats, sleek urban style and a full suite of cutting-edge technology, the MU-X takes you to the next level. It's as eye-catching off-road as it is in the city, offering an unmatched combination of performance and reliability that's tailored to Australian conditions. With 3.5 tonne towing* and seamless connectivity, it's both refined and robust. Wherever you're headed, the MU-X is your perfect travelling companion.

Everything Isuzu has learned in over a century of specialist engineering has led to this. The commanding, confident and capable Isuzu MU-X. GO YOUR OWN WAY.

*Towing capacity when fitted with an optional Genuine Isuzu MU-X tow bar kit and an Electronic Brake Controller.

STYLE & CONFIDENCE

4x4 LS-T in Mercury Silver metallic

A compelling combination of form and function, the Isuzu MU-X is as confident in the city as it is off the beaten track.

The Isuzu MU-X catches the eye with a broad, bold grille that flows effortlessly into a decisively sculpted silhouette. Its shape is both muscular and modern. Longer, wider and even more distinctive, the MU-X makes a grand statement – wherever you go.

Ultra-bright Bi-LED headlights with LED Daytime Running Lights (DRLs) automatically light up the road ahead. Side steps add practicality and purpose for every trip, while LS-U and LS-T models bolster interior comfort and boast exterior style with roof rails, chrome finishes and fog lights as standard. LS-M models match dynamic 17" alloy wheels with all-terrain tyres; LS-U models combine sleek 18" tungsten silver alloy wheels with highway-terrain tyres; and the top-of-the-range LS-T pairs highway-terrain rubber with strikingly sculpted 20" machined two-tone alloy wheels.

As imposing as it is impressive, the MU-X is your invitation to adventure.

- A BI-LED HEADLIGHTS WITH DAYTIME RUNNING LIGHTS:** Standard on every MU-X, brighter than ever with a signature design that takes style to new heights.
- B 20" ALLOY WHEELS:** Striking whether you're on tarmac or tackling tougher terrain, the MU-X's largest alloys come standard on LS-T models.
- C LED TAIL LIGHTS:** Standard across the range, LED tail lights offer better illumination and a distinctive lighting cluster.

The image shows the front interior of a car, focusing on the driver's and front passenger's seats. The seats are upholstered in a dark grey or black material with white contrast stitching. The driver's seat has a perforated leather-like texture on the lower backrest and seat cushion. A small rectangular badge on the side of the passenger seat reads "S F S" above "PERFORMANCE". The text "COMFORT & CONVENIENCE" is overlaid in large, bold, white, italicized capital letters across the center of the image.

COMFORT & CONVENIENCE

4x4 MU-X LS-T interior with leather accented seats¹

¹Seats have leather touches or accents, but are not wholly leather.

Where space meets style – and craftsmanship elevates design.

Whether you're on the daily commute or traversing far corners of the country, the MU-X delivers comfort and convenience to every seat.

The MU-X's cabin has never been more advanced, boasting richly appointed seats with softer cushioning and firmer lateral support across the range along with built-in power lumbar support on LS-U and LS-T models. LS-T models feature an eight-way electric adjustable driver's seat – and a four-way electric adjustable front passenger seat – each of which can be variably heated at the touch of a button.

Multiple seating configurations mean ultimate comfort for up to seven occupants. While second row passengers enjoy a pair of USB charging ports via the centre console. All three rows have their own air-conditioning vents, while innovative touches, such as reclining second and third row seats, mean everybody wins. The MU-X is your new happy place – richly appointed, thoughtfully designed and technologically advanced, it's ready to go whenever you are.

- A 7-SEAT CAPACITY:** The driver and up to six passengers can sit comfortably, including reclining seats in the second and third rows.
- B ELECTRIC PARK BRAKE:** Every MU-X comes standard with an Electric Park Brake and Auto Hold function, meaning the brake will initiate every time you put your MU-X in 'Park' or whenever your MU-X comes to a stop in traffic.
- C DUAL ZONE CLIMATE CONTROL:** Enjoy the perfect temperature, even when opinions differ with dual zone climate control standard on LS-U and LS-T models.
- D HEATED FRONT SEATS:** Both driver and front-seat passenger enjoy electric adjustable heated seats on LS-T models.
- E TILT & TELESCOPIC STEERING WHEEL:** All models feature a height and reach-adjustable steering wheel for improved comfort and control.

INTUITIVE & INSPIRED

4x4 MU-X LS-T interior with leather accented seats*

*Seats have leather touches or accents, but are not wholly leather.

A

B

The Isuzu MU-X delivers the perfect balance of functionality and technology.

Every MU-X features a large, high-definition, customisable central touchscreen, with DAB+ digital radio, Android Auto™ and wireless Apple CarPlay®, as well as voice recognition. Trip planning in LS-U and LS-T models is simple, with built-in satellite navigation as standard. LS-U and LS-T models also feature an auto-dimming rear view mirror, heated door mirrors and a tyre pressure monitoring system (TPMS). And if keeping track on the outside world is straightforward, so is keeping tabs on what's happening within – with an intelligent seatbelt reminder for all three rows as standard.

C

D

A hands-free power tailgate on LS-U and LS-T models allows you easy access to the rear storage space by activating the rear tailgate sensors by stepping in and out of the detection area or a simple push of a button on the smart key, the driver's seat or from the button on the tailgate. Push button start is standard across the range, while LS-U and LS-T models have the added convenience of passive entry on driver and front passenger doors. And every MU-X comes with an electric park brake with Auto Hold as standard. It activates independently whenever you select 'Park' in your MU-X or when you come to a stop in traffic – and disengages automatically once you select a gear or put your foot on the accelerator. It stops you from worrying about creeping forward in traffic or whether you've put your park brake on once you've left the vehicle.

Cutting-edge tech, designed with you in mind – the MU-X offers everything you could want from a modern SUV and more.

E

- A REMOTE ENGINE START:** The engine can be activated prior to entry with the push of a button. On LS-T only.
- B SMART MID:** 4.2" full colour display relays vitals to the driver, such as speed zones, tyre pressure, fuel usage and range, digital speedometer and directions via satellite navigation (on LS-U and LS-T models).
- C REVERSING CAMERA:** Reversing camera with dynamic guidelines, Rear Parking Sensors and Rear Cross Traffic Alert as standard.
- D APPLE CARPLAY® & ANDROID AUTO™:** Android Auto™ and wireless Apple CarPlay® keeps you connected, with smartphone mirroring and voice-recognition for true handsfree connectivity.
- E HANDS-FREE POWER TAILGATE:** Open or close the tailgate by activating the rear tailgate sensors by stepping in and out of the detection area or a simple push of a button on the smart key, the driver's seat or from the button on the tailgate. (Standard on LS-T & LS-U models).

Apple CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC. Not all devices will be compatible & functionality will vary depending on the device. Mobile Data & SMS rates may apply & are the responsibility of the user. Please check your local road rules before using these functions.

SMARTER & SAFER

The Isuzu MU-X enhances your driving experience – and your safety – with cutting-edge and personalised driver assistance systems.

Standard across the range, Isuzu's Intelligent Driver Assistance System (IDAS[®]) technology includes an extensive list of both active and passive safety features. Employing state-of-the-art sensors and a stereo camera, IDAS constantly monitors your surrounding environment for danger. Should it detect a collision is imminent, the system will work to help the driver to defuse dangerous situations via alert systems and automated functions. Each MU-X model includes eight airbags as standard and a stronger, more robust chassis, as well as a reinforced cabin safety cell for ultimate protection. With its maximum 5-star ANCAP safety rating, the MU-X puts your safety first – wherever adventure takes you.

4x4 LS-T in Mercury Silver metallic

*IDAS Features are designed to assist the driver, but should not be relied upon nor used as a substitute for safe driving practices. Feature operation may vary in different driving conditions. For more information and an explanation of features use and limitations refer to the Owner & Driver's Manual, visit isuzuute.com.au or talk to your local Isuzu UTE Dealer.

AUTONOMOUS EMERGENCY BRAKING (AEB): If your MU-X detects a potential frontal collision, emergency braking is applied automatically.

FORWARD COLLISION WARNING (FCW): An audible warning sounds and red warning lights flash on the dashboard when an obstacle is detected in your path.

ADAPTIVE CRUISE CONTROL (ACC): Automatically adjusts your speed based on vehicles around you, with a Stop and Go functionality holding for up to 5 minutes when stopped.

BLIND SPOT MONITOR (BSM): Provides a visual warning in your side mirrors when an obstacle is approaching in your blind spot. (BSM will disable when the genuine tow harness is connected).

LANE KEEPING: Lane Keep Assist (LKA), Emergency Lane Keeping (ELK) and Lane Departure Prevention (LDP) work to help prevent collisions with other drivers should your MU-X begin to drift across its lane. These features can also be disabled via the Lane Support System (LSS) Switch.

TRAFFIC SIGN RECOGNITION: Your MU-X recognises traffic signs, displaying information such as speed limits in the MID for easy reference.

FRONT & REAR PARKING SENSORS: Provides instantaneous feedback regarding nearby obstacles at low speed on LS-U and LS-T models. LS-M models have rear sensors only as standard.

REVERSING CAMERA WITH REAR CROSS TRAFFIC ALERT (RCTA): Monitors your surrounding area while reversing into traffic, providing visual and audible warnings should an object approach from the left or right. (RCTA will disable when the genuine tow harness is connected).

MISACCELERATION MITIGATION: In slow moving areas such as car parks, the stereo cameras determine whether the accelerator has been applied accidentally. Should a potential collision be detected, the accelerator is suppressed.

AUTOMATIC HEADLIGHTS & HIGH BEAMS: Headlights automatically turn on when it is dark, such as at dusk or in underground car parks. During travel, the MU-X dims the high beams automatically to avoid dazzling other drivers.

AUTOMATIC WINDSHIELD WIPERS: Every MU-X has built-in rain-sensing wipers, ensuring you never lose sight of the road or trail ahead.

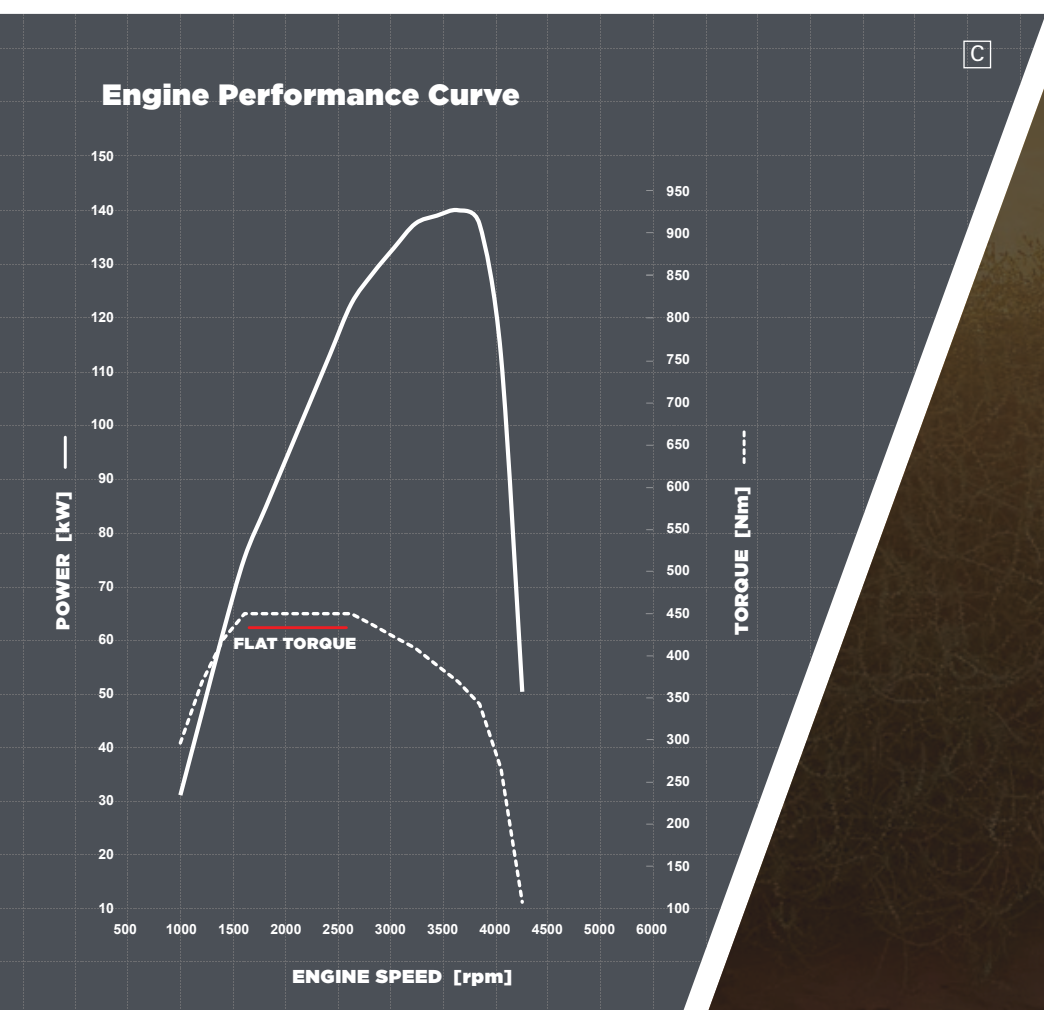

EIGHT AIRBAGS: For ultimate protection, every MU-X comes with eight airbags including a centre airbag to protect front seat occupants in side-on collisions.

POWER & PERFORMANCE

4x4 LS-U in Cobalt Blue mica

With 140kW of power and 450Nm of torque, you've never been more able to go your own way.

Isuzu's legendary 3-litre turbo-diesel common rail engine delivers unmatched dependability – and a deluge of torque on command. All 450Nm is available from just 1600rpm, providing maximum take-off and acceleration, while a broad, flat torque band aids drivability. With precise fuel injection control and low engine noise, improved aerodynamics and all the power you need, Isuzu's 7-seat SUV is more capable than ever. And with its Euro 5 compliance, the MU-X demonstrates efficient fuel economy across the range.

Mated to a 'Rev-Tronic' automatic six-speed transmission with sequential sports mode, each MU-X demonstrates unprecedented sophistication across its drivetrain. Wherever you're going, the transmission seamlessly adapts to your driving style, automatically selecting the most appropriate shift and lock-up points according to road speed and vehicle load. Whether it's tackling terrain that others won't, tackling the weekend, or simply dealing with the daily demands of the city, the MU-X rises to every challenge.

- A ISUZU 3.0L ENGINE:** The outstanding 4JJ3-TCX delivers 140kW of real-world power and 450Nm of torque.
- B 6-SPEED TRANSMISSION:** All MU-X models feature automatic transmission as standard, optimising economy and driveability.
- C ENGINE PERFORMANCE CURVE:** A flat and generous torque curve delivers all 450Nm of torque from 1600rpm to 2600rpm.

FREEDOM & ADVENTURE

4x4 LS-T in Mercury Silver metallic

A

With Trailer Sway Control

Without Trailer Sway Control

B

C

D

Broaden your horizons with the strength, confidence and durability of 3.5 tonne towing*.

One of the greatest things about Australia is going your own way with a caravan, boat, or trailer in tow. With the Isuzu MU-X, you've got the perfect travelling companion. The power and dependability of Isuzu's proven 3-litre turbo-diesel engine make light work of every journey, and a genuine Isuzu UTE tow-bar kit will enable 3.5 tonne towing* – whatever the terrain. And with Trailer Sway Control (TSC) as standard, the MU-X helps keep your load where it should be. Should it detect lateral movement due to high winds or on uneven road surfaces – TSC will automatically apply the brakes on individual wheels. Operating smoothly and without fuss, the system can help to keep your trailer from stepping out of line – and you on the road.

With an incredibly durable chassis and suspension tuned for Australian conditions, the MU-X is built for adventure. And with an increased 80-litre fuel tank, it's ready to go the extra mile. There is also a range of towing-specific Isuzu UTE accessories, such as an electronic brake controller or weight distribution hitch, to give you ultimate control over your load.

- A TRAILER SWAY CONTROL (TSC): Will apply brakes to individual vehicle wheels to help bring trailer sway back under control.
- B OPTIONAL 12-PIN TOW HARNESS: Convenience when towing – Blind Spot Monitoring and Rear CrossTraffic Alert functions automatically disable when the genuine tow harness is connected.
- C OPTIONAL GENUINE TOW BAR KIT: Tow up to 3.5 tonnes with the genuine tow bar kit accessory. Available with optional 7-pin or 12-pin wiring harnesses.
- D OPTIONAL ELECTRONIC BRAKE CONTROLLER: Maintain precise control of your heavy caravan or trailer's brakes from the comfort of the driver's seat.

*Towing capacity when fitted with an optional Genuine Isuzu MU-X tow bar kit and an Electronic Brake Controller.

EXPLORE & CONQUER

4x4 LS-T in Mercury Silver metallic

Up to 800mm wading depth[†]

The Isuzu MU-X is built to conquer Australia's toughest terrain in ultimate comfort – and minimal fuss. Because life begins off the beaten path.

With up to 800mm wading depth[†], extensive steel and poly-composite underbody protection and a rear axle differential lock as standard on every 4x4 model, the MU-X comes alive when you leave the bitumen behind. Ever-willing and incredibly capable, it's been developed to adapt to whatever challenge you decide to take on.

Engineered for Australian conditions, every 4x4 MU-X features 'Terrain Command' mode as standard, allowing you to switch between 2WD-high and 4WD-high modes at speeds of up to 100km/h in less than a second. Providing a new lease on traction when off-road, all 4x4 MU-X models feature 'Rough Terrain Mode', an off-road based electronic driver aid that maximises drivability in technical, slippery and rough conditions. Hill Descent Control (HDC) provides maximum control on difficult descents, while Hill Start Assist (HSA) automatically prevents roll-back when starting on steep gradients (above 5.7 degrees). And once you've stopped, an electric park brake means your MU-X isn't going anywhere – until you want it to.

- A ROUGH TERRAIN MODE:** Maximises traction on technical, slippery or uneven surfaces in 2WD-high, 4WD-high and 4WD-low.
- B REAR DIFFERENTIAL LOCK:** Standard on all 4x4 MU-X models, the rear differential lock can be engaged with the push of a button when in 4WD-low.
- C 800MM WADING DEPTH:** Standard on all MU-Xs, water crossings are simple with a wading depth[†] of 800mm when travelling at speeds of at least 7km/h.
- D UNDERBODY PROTECTION:** Extensive steel and poly-composite underbody protection protects vital powertrain components from debris and ground strikes when off-road.

[†]Up to 800mm of wading depth on all MU-X models when travelling at a consistent speed of 7km/h. Water ingress may occur if speed is not maintained or if the vehicle is static in water above 350mm.

TRIED & TESTED

ISUZU

Isuzu 4JJ3-TCX 3.0 litre turbo-diesel engine

*6 years/150,000km (whichever occurs first), for Isuzu UTE Vehicles with a Warranty Start Date on or after 1/1/19. Excludes trays & accessories. [†]The Roadside Assistance Program ("RSA Program") provides Coverage to RSA Eligible Vehicles (Private, ABN and Business Fleet Customers only) with a Warranty Start Date on or after 1/9/20 for a maximum of 7 years (unlimited kilometres). Initial 13 months Coverage provided from the Warranty Start Date. The Coverage will be reset for another 13 months from each date that a Participating Isuzu UTE Dealer conducts a Scheduled Service on the vehicle. For full terms & conditions visit isuzuute.com.au/roadside-assistance-disclaimer. [‡]The Capped Price Servicing Program ("CPS Program") applies to CPS Eligible Vehicles (excludes Rental & Government Customers) at Participating Isuzu UTE Dealers only. For 19MY & later vehicle models, the Capped Price Servicing covers the first 7 Scheduled Services for up to 7 years/105,000km (whichever occurs first). CPS Program is subject to change. For full terms & conditions, current pricing & model eligibility visit isuzuute.com.au/service-plus-disclaimer.

Isuzu's reputation for reliability stretches back over a century. The Isuzu MU-X is a new standard bearer for comfort and strength.

Dependability is a fundamental part of the MU-X DNA. Having built more than 26 million engines internationally, Isuzu is the world leader in precision diesel engineering. The second-generation MU-X builds on that record, bringing an even higher level of technology and utility to a rugged platform that's proven in the toughest conditions.

The MU-X's chassis is constructed with high-tensile steel with an extra crossmember for added reliability. Independent double-wishbone front suspension with higher control arms improve handling for a more comfortable ride, while the rear coil spring suspension improves overall load-carrying, flexibility and drivability. A lightweight body provides greater overall stability and greater occupant protection, as well as reduced noise and vibration throughout.

For even greater long-term peace of mind, every MU-X comes with Isuzu UTE Service Plus – offering a comprehensive, bumper-to-bumper 6 year/150,000km[^] warranty, 7 years roadside assistance[‡], and 7 years capped-price servicing[‡].

- A STEEL TIMING CHAIN:** Stronger, lasts longer and resists stretching more than a traditional rubber timing belt, the steel timing chain precisely keeps the valvetrain and pistons in harmony for optimal performance.
- B PISTONS:** Piston crowns and pins are coated with a special, diamond-like carbon that improves durability and heat resistance, helping the engine work smoothly at maximum power.
- C DOUBLE SCISSOR GEARS:** A double scissor idler gear design results in reduced engine and gear noise for quieter and smoother operation.
- D FRONT SUSPENSION:** Higher mounted control arms minimise body roll while cornering and improve tyre grounding.
- E REAR SUSPENSION:** Redesigned rear coil spring suspension helps to improve load-carrying and flexibility.

Engine component imagery is for illustrative purposes only & actual appearance may differ.

An unbeatable combination of reliability, technology, economy and comfort, the Isuzu MU-X is the ideal solution to your fleet needs.

There are work vehicles, and then there's the MU-X. Equipped with side steps, push button start, and alloys across the range – as well as Android Auto™ and wireless Apple CarPlay® – it's built to be a comfortable and functional mobile office. Bringing fuel efficiency and reliability to the fore, it's been engineered to spend more time on the job – and less time being serviced.

With the Isuzu Intelligent Driver Assistance System (IDAS[#]) incorporated into every MU-X, your workforce has never been better protected. Every IDAS safety feature is designed to improve driving practices and maintain driver alertness, as well as safeguarding pedestrians and other road users. Keeping your employees – and your investments – as safe as possible with a maximum 5-star ANCAP safety rating.

Isuzu UTE's Dealer network of over 160 authorised Isuzu UTE outlets spans every Australian state and territory, including regional and remote locations, ensure that support is always close at hand. Our dedicated team of fleet managers are always available to guarantee that your fleet requirements are met. Whether you're your own boss or heading up an international corporation, an MU-X fleet is equipped for your fleet needs.

- A ISUZU UTE SERVICE PLUS:** Every MU-X comes with the comprehensive Service Plus program ensuring the ultimate peace of mind for your investment with 6 years warranty^A, up to 7 years roadside assist^C and up to 7 years capped price servicing^B.
- B STEEL CHASSIS:** Every MU-X is built on a high tensile steel chassis with an extra cross-member for extra reliability and strength.
- C INTELLIGENT DRIVER ASSISTANCE SYSTEM (IDAS[#]):** Help keep your fleet safe wherever they travel with the Isuzu IDAS technologies standard across the MU-X range.

OPPORTUNITIES & EXPERIENCES

4x4 LS-M in Cobalt Blue mica & 4x4 LS-T in Mercury Silver metallic
fitted with optional Isuzu UTE Genuine & Approved Accessories.

Go your own way for longer with Isuzu UTE Service Plus, I-Venture Club, Isuzu UTE Genuine Accessories and Isuzu UTE Approved Accessories.

SERVICE PLUS

All MU-X owners enjoy ultimate peace of mind with Isuzu UTE's comprehensive Service Plus program. As part of this program your MU-X is covered for six years/150,000km of warranty. While Isuzu's Roadside Assistance Program guarantees support for a minimum of 13 months – and up to seven years in total. Capped price servicing applies for up to seven years/105,000km. And with a sprawling network covering all states and territories, your local Isuzu UTE service centre will keep your MU-X performing at its best – wherever you find yourself.

I-VENTURE CLUB

You won't want to miss the opportunity to properly test your MU-X's potential – and to visit Australia's most inspiring 4WD locations! The I-Venture Club is an opportunity to build your 4x4 skills and become the off-road champion you've always wanted to be. As an Isuzu UTE owner, you can sign up for exclusive trips that tackle some of the country's most challenging off-road destinations. Learn from our qualified 4x4 instructors, meet like-minded budding adventurers, and come away with the skills to handle the toughest terrain an MU-X can find. Head to www.iventureclub.com.au for a taste of what's to come.

GENUINE ACCESSORIES

Isuzu UTE Genuine Accessories¹ are the key to taking on more challenging terrain in true 'Go your own way' style. Isuzu UTE's extensive range of accessories allows you to enhance and personalise your ride with precision engineered parts of the highest quality, with correct fit guaranteed every time. Each genuine accessory comes with a comprehensive warranty, providing ultimate peace of mind, and the chance to pack more, do more, or just add a little more style to your MU-X. See the full range of accessories in the MU-X Accessories brochure or at isuzuute.com.au.

APPROVED ACCESSORIES

Isuzu UTE Approved Accessories² are third-party branded accessories that have been thoroughly tested and vetted to ensure they meet Isuzu's highest standards. Constructed for local conditions by a variety of Australian manufacturers you know and trust, they provide another way to enhance and personalise your MU-X with the confidence of Isuzu UTE Australia's seal of approval. Whether used in combination with Genuine Accessories or without, Isuzu UTE Approved Accessories can be trusted to maintain the integrity of your MU-X – while also offering a distinctly individual touch. 23MY ISUZU MU-X SPECIFICATIONS

Engine

Series	Isuzu 4JJ3-TCX
Description	3.0 litre turbo-diesel, in-line 4-cylinder, DOHC, 16-valve with Diesel Particulate Diffuser (DPD)
Maximum torque	450Nm @ 1600→2600 rpm (automatic)
Maximum power	140kW @ 3600 rpm
Bore x stroke	95.4mm x 104.9mm
Displacement	2999cc
Compression ratio	16.3 : 1
Cylinder head	Isuzu-patent special aluminium alloy
Valve gear	Chain-driven dual overhead camshafts, roller rockers, 4 valves/cylinder
Induction	Electronic high pressure common rail direct fuel injection with VSS (Variable Swirl System) and intercooled electric control VGS (Variable Geometry System) turbocharger
Cylinder block	Cast iron upper with induction-hardened cylinder bores, cast alloy lower
Emission level	Euro 5
Alternator	120 amp with Intelligent Battery Sensor (IBS)

Transmissions

Automatic	Aisin AWR6B45 II 6-speed with sequential shift and brake shift lock electronically controlled, tri-mode with Adaptive Logic Control and fuel-saving lock-up torque converter on gears 3, 4, 5 and 6 <ul style="list-style-type: none"> Uphill/Downhill Transmission Control: holds gear in varied-gradient ascents, selects gear on steep descents to hold speed with engine braking 	
Ratios: 1	6-speed Automatic	
	1st	3.600
	2nd	2.090
	3rd	1.488
	4th	1.000
	5th	0.687
	6th	0.580
	Reverse	3.732
Final drive	4x2	3.727
	4x4	3.727
	Snorkelled diff breathers to increase fording depth and reduce mud blockage	
Transfer gearing	4x4 low-range	2.482
	4x4 high-range	1.000
4x4 system	"Rough Terrain Mode" and "Terrain Command" control with 'shift on the fly' 2-high↔4-high selection at up to 100km/h, 4-low with rear differential lock	
Drivetrain system	TCS (Traction Control System) on all model variants	

Steering

Electric power steering with speed-sensing steering feel (light at low speed, heavy at high speed); tilt and telescopic adjustable steering wheel
Speed-sensitive variable capacity Electric power system; 3.84 turns lock-to-lock via tilt-adjustable steering wheel

Chassis

Frame	Ladder frame chassis constructed with high-tensile steel with 9 crossmembers
Front suspension	Independent, high-ride, coil springs, gas shock absorbers, upper and lower wishbones, stabiliser bar
Rear suspension	Multi-link coil suspension, gas shock absorbers, stabiliser bar

Axles

Front	Independent 4x4: fully floating with outer CV, inner double offset joints and equal length driveshafts. Rating: 1450kg
Rear	Rigid semi-floating banjo with hypoid final drive and dual tapered needle roller bearings. Rating: 1650kg

Brakes

Anti-lock Brake System (ABS) with Electronic Brakeforce Distribution (EBD), Electronic Stability Control (ESC), Emergency Brake Assist (EBA), Traction Control System (TCS), Roll Over Mitigation, Hill Start Assist (HSA), Hill Descent Control (HDC) and Trailer Sway Control (TSC)
All models: 320mm dia. ventilated front discs with 2-piston calipers, 318mm dia. ventilated rear discs with 1-piston calipers
Power-assisted via 10" servo unit; central electrical switch park brake

Wheels and Tyres

4x4 & 4x2 LS-M	17" x 7" alloy; 255 / 65 R17 All-Terrain
4x4 & 4x2 LS-U	18" x 7.5" alloy; 265 / 60 R18 Highway-Terrain
4x4 & 4x2 LS-T	20" x 7.5" alloy; 265 / 50 R20 Highway-Terrain
Spare	LS-M & LS-U Models: full size steel spare wheel LS-T Models: full size alloy spare wheel

Service Plus

Warranty	For the ultimate peace of mind, every Isuzu MU-X comes standard with a comprehensive, bumper-to-bumper 6 years/150,000km warranty [^] .
Roadside Assistance	Enjoy up to 7 years Roadside Assistance [^] when you complete your scheduled services at a Participating Isuzu UTE Dealer.
Capped Price Servicing	As an owner you will get access to our Capped Price Servicing [^] Program. The CPS Program covers the first 7 Scheduled Services in line with the Scheduled Service Intervals.

[^]6 years/150,000km (whichever occurs first), for Isuzu UTE Vehicles with a Warranty Start Date on or after 1/1/19. Excludes trays & accessories. [^]The Roadside Assistance Program ("RSA Program") provides Coverage to RSA Eligible Vehicles (Private, ABN and Business Fleet Customers only) with a Warranty Start Date on or after 1/9/20 for a maximum of 7 years (unlimited kilometres). Initial 13 months Coverage provided from the Warranty Start Date. The Coverage will be reset for another 13 months from each date that a Participating Isuzu UTE Dealer conducts a Scheduled Service on the vehicle. For full terms & conditions visit isuzuute.com.au/roadside-assistance-disclaimer. [^]The Capped Price Servicing Program ("CPS Program") applies to CPS Eligible Vehicles (excludes Rental & Government Customers) at Participating Isuzu UTE Dealers only. For 19MY & later vehicle models, the Capped Price Servicing covers the first 7 Scheduled Services for up to 7 years/105,000km (whichever occurs first). CPS Program is subject to change. For full terms & conditions, current pricing & model eligibility visit isuzuute.com.au/service-plus-disclaimer.

Safety

IDAS	Every MU-X comes with Isuzu's Intelligent Driver Assistance System (IDAS [®]) built-in to protect and enhance the driving experience. IDAS includes smart technologies as well as other passive and active safety features.
------	---

[®]IDAS features are designed to assist the driver, but should not be relied upon nor used as a substitute for safe driving practices. Feature operation may vary in different driving conditions. For full explanation of limitations, see Owner's & Driver's Manual.

ANCAP RATING	The entire MU-X range has achieved a maximum 5-star ANCAP safety rating in 2022.
